

PENNSYLVANIA BIOTECHNOLOGY CENTER ANNUAL GOLF OUTING

**MAY 13, 2024
JERICHO NATIONAL GOLF CLUB
NEW HOPE, PA**

Donation Impact

Your donation matters

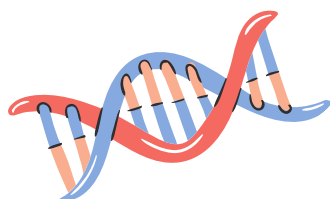

The Hepatitis B Foundation

The Hepatitis B Foundation has been the primary source of information and support for people living with hepatitis B for more than 31 years!

Your gifts help to:

- Conduct consults through our helpline for almost 10,000 people every year.
- Educate people living with hepatitis B and liver cancer about clinical trial options.
- Train over 2,500 community leaders each year to improve local screening and vaccination efforts around the U.S.
- Advocate for increased national prioritization and funding for cure research and programs to eliminate hepatitis B and liver cancer in the U.S.

The Baruch S. Blumberg Institute

The Baruch S. Blumberg Institute is the research arm of the Hepatitis B Foundation, responsible for fulfilling the promise of finding new therapies and improved methods of detection for chronic hepatitis B and liver cancer.

Your support goes a long way to help Blumberg Scientists do amazing things, like:

- Cutting-edge research for a hepatitis B cure, including SVP Inhibitors, CRISPR CAS, cccDNA, STING agonist, and interferon technologies.
- Breakthrough work on biomarkers for detection of liver cancer and other liver diseases, including non-invasive techniques!
- Development of two drugs that are currently in clinical trials due to the work of the Blumberg Institute!
- Drug discovery efforts in medicinal chemistry that identify new targets and paths of research.

The Pennsylvania Biotechnology Center

The Pennsylvania Biotechnology Center, one of the nation's most successful life science incubators, supports nearly 100 member companies.

Your gift helps make scientific history:

- Partnering with the other nonprofits, the Biotech center has a unique culture of collaboration between scientists, entrepreneurs, academics, and public health.
 - Therapies, cures and medical devices ranging from oncology, to arthritis, to regenerative medicine are developed daily.
 - The PABC and Blumberg Institute together host academic programs ranging from high school to post-doc!

Between member companies and the Blumberg Institute, the Center boasts a "Wall of Fame" with eight FDA-approved drugs developed by our scientists!
