ANTGENE
Stock Code: 6996.HK

**Treat Patients
Beyond Borders**

Antengene is a R&D-driven global biopharmaceutical company aiming to provide transformative medicines to improve the quality of lives of patients from around the world. To date, Antengene has built a pipeline of 9 oncology programs at various stages going from clinical to commercial, including 6 with global rights, and 3 with rights for the APAC region.

On November 15, 2021, Antengene opened its US discovery lab at PABC. Currently, the lab focuses on biology research related to cancer. We are seeking collaboration.
